## Dates For Your Diary

Wednesday 5th February – Gymnastics Competition 10am-2pm

Thursday 6th February – Basketball Finals 9:30am-12:30pm

Wednesday 5th March – Parents Evening

Thursday 6th March – Parents Evening

## Year R/1/2 Term Update

EYFS- In EYFS this term, we're diving into our "Frozen Kingdom" topic! The children will explore the wonders of the Antarctic and Arctic, investigate freezing and melting, learn about snowflakes and polar animals, and, to finish the half term, enjoy the story of Chinese New Year.

During Spring 1, we'll also focus on key areas of development, including building early writing skills, improving fine motor control through creative activities, and developing communication and language skills as children engage in storytelling and discussions. Our continued emphasis on personal, social, and emotional development will help the children grow in confidence and independence.

In Year 1 and 2, we've got an exciting term ahead. In writing, the children will focus on creating clear and detailed instructions, while in maths, we'll be developing their skills in addition and subtraction.

Phonics and spelling will remain a key focus, helping to strengthen reading fluency and accuracy. In history, we'll explore changes within living memory, and in geography, we'll deepen our understanding of the UK's countries, capitals, and landmarks. To round it all off, our design and technology lessons will see the children designing and making their own windmills – a fantastic chance to get hands-on and creative!

## **Year 3/4 Term Update**

This term in Years 3 and 4 we are learning all about ancient China, how the Chang civilization began and what their religious practices were at the time. We have started our new guided reading book which is Who Let the Gods Out, we are enjoying hearing all about Elliot and Virgo's adventures with the Greek gods. In English we are working on adding detail to our writing using imagery for sound and touch and will be writing setting descriptions before the half term break. In RE we are learning all about Holy week and why Christians call Good Friday, Good, this week the children had to imagine they were Mary and thought about how she would have felt throughout the events of that week. In PSHE we are thinking about how to stay safe and will be looking at Constable's painting in art.

## **Year 5/6 Term Update**

This half term in Year 5 and 6, we're diving into some fascinating topics across different subjects. In history, we're studying medieval Britain, looking at what life was like during this period. In geography we have been exploring renewable energy, learning about its importance for the future. In PE, we're focusing on teamwork and cultural awareness by learning the haka, a traditional Māori performance. In English, we'll be developing our writing skills by creating newspaper reports based on key events from World War 2, imagining life during that time. Finally, in PSHE, we're discussing social media—exploring how it impacts our lives, its benefits, and the potential challenges it brings. It's going to be an exciting and busy term!
