Part A: Pupil premium strategy plan

Statement of intent

At Tugby CE Primary we are committed to ensuring that all our pupils receive the highest quality of education to enable them to become active, socially responsible citizens of the future. Furthermore, we recognise that disadvantaged pupils can face a wide range of barriers which may impact their learning. The focus of our pupil premium strategy is to support disadvantaged and vulnerable pupils in order that they make good progress across all subject areas and develop emotional resilience and a sense of positive wellbeing. Moreover, enrichment opportunities are provided so that they develop as rounded individuals who are able to move through the various stages of education.

We will consider the challenges faced by vulnerable pupils, such as those who are 'looked after', have a social worker and who are service children. This statement shows how Pupil Premium, which is additional to main school funding, will be used to address any current inequalities between children eligible for free school meals (FSM) and their non-disadvantaged peers by ensuring that funding supports their needs.

Our aim is that the attainment of Pupil Premium children is level with non-Pupil Premium attainment.

The funding is used in three areas:

1. Improving the quality of teaching e.g. professional development.
2. Targeted academic support e.g. individual/paired/small group tuition.
3. Wider strategies e.g. extra- curricular activities.

Key Principles

Principles: Teacher development, enhancing quality of teaching, developing teacher subject knowledge,

Achieving: Centralised teacher CPD, Instructional coaching, development of curriculum resources, additional tutoring.

By following these key principles, we believe that we can maximise the impact of our Pupil Premium spending:

We recognise that a key factor in achieving high standards of pupil attainment is through teacher development and high-quality teaching and learning. Through delivery of a programme of strong, sustained CPD, focused on evidence-led

teaching approaches there will be an improved quality of teaching. Instructional coaching will further contribute to teacher development. We will also concentrate our spending on developing teacher subject knowledge. Combined these will have a high impact on pupil outcomes. This will have an impact on closing the disadvantage attainment gap while at the same time will benefit the non-disadvantaged pupils in our school.

We will ensure that the needs of socially disadvantaged pupils are adequately assessed and supported as appropriate. We will monitor the children's attainment and progress, as well as their emotional and social well-being in order to measure impact of the Pupil Premium. Pupils will have opportunities to broaden their experiences, talk and socialise in a wider group to improve life skills and wellbeing. Spending will ensure that no pupil misses out of such important aspects of education, that learning is enriched and their self-confidence grows.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Limited vocabulary to be able to access the academically rigorous curriculum
2	Gaps in learning, historically
3	PP children have higher issues of SEMH and well-being

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

No.	Intended outcome	Success criteria
1	Consistently strong teaching and learning practice, where evidenced strategies are employed within lesson delivery	Teachers have strong pedagogical knowledge Teachers make well informed pedagogical choices Pupils remember more over time
2	Raise disadvantaged attainment in all key metrics at each statutory assessment point	Disadvantaged pupils attain at the same level as non-disadvantaged pupils in each statutory assessment point.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding **this academic year** to address the challenges listed above.

Outcomes for disadvantaged pupils

For 2024-2025

The school assess children using standardised assessments in Reading (KS1/KS2 SAT's, Headstart), Maths (KS1/KS2 SAT'S, White Rose assessments) Grammar (KS1/KS2 SAT's, Headstart) and Phonics (Yr1/2 phonics assessment).

All our PP children have made progress. Those that are not working at the expected standard for their year group have made small step progress and are closing the gap. All children who have additional special educational needs or have been identified as being an initial concern have been identified. All pupils who are not at the expected level are being supported through a range of interventions, specific programmes and the recovery premium programme.

All disadvantaged pupils have accessed extra-curricular activities including wrap around care and school trips.. This has enabled our pupils to develop in confidence as well as socially and emotionally.

Being a small school, with small cohorts, percentages can change dramatically.

Externally provided programmes

Please include the names of any non-DfE programmes that you used your pupil premium (or recovery premium) to fund in the previous academic year.
